To: Odilon Martinez Rojas

Greetings from me, Honorable Judge Edward Korman. It is an honor to address you by means of this short letter,

Well, sincerely, my uncle was a very hard-working person. He worked on Route 9 which runs through Constancia to Seguro de San Jose. He was a driver on that Route, and so, he always behaved very well when here in town. He was a trusted man. Maybe he made a mistake, but I know he will be remorseful, because he can no longer see his family and friends. Truth is, we miss him a lot, because he is very far and we cannot go to where he is locked up. I just ask you, Honorable Judge, to give him a chance. I know he will not fail you. I am sure that he will behave as he should. Please, I beg you, give him a short sentence.

So long, Mr. Edward Korman. Take good care and may blessings be upon you.
